IRREGULAR STONE STEPS

Bring a natural, rugged elegance to your outdoor spaces with our Canyon Gray Irregular Step. These light gray limestone slab steps feature highly textured beds, adding both character and slip resistance to pathways, entryways, and garden transitions. Each step varies in thickness from 5” to 7”, with irregular shapes that create an organic, natural look. Sourced for durability, these stones can reach up to 5” in width, making them a striking and functional addition to any landscape design.

Delivery Options:
Palletized via Straight Truck with Moffett or Semi-Truck
