Material: Dolomitic Limestone

NATURAL STONE SNAPPED STEPS

Featuring a blend of light gray to olive tones, the Canyon Gray 18″ x 36″ Snapped Step is a natural dolomitic limestone slab with highly textured beds. Snapped on the front, back, and sides, this step maintains a rugged, organic appearance that blends seamlessly into outdoor landscapes. With an approximate thickness of 5″ - 7″, it provides both durability and natural character for pathways, entry steps, and tiered designs.

Delivery Options:
Palletized via Straight Truck with Moffett or Semi-Truck
