FLAGSTONE & STEPPERS

Colfax Flagstone is a durable, earth-toned sandstone with a rich blend of buff tans, deep blacks, and warm brown hues, bringing depth and character to any outdoor space. Its very flat top, consistent 2" - 3" thickness, and top diameters ranging from 12" - 36" make it an excellent choice for patios, walkways, stepping stones, and outdoor living areas, providing both strength and a natural aesthetic. This hard-wearing stone withstands the elements, ensuring long-lasting beauty in any landscape design.
