IRREGULAR STONE STEPS

Create a bold and natural statement with Cumberland Mtn. Blue Irregular Steps. This stunning sandstone features a blend of gray to deep blue tones with subtle touches of brown, adding warmth and dimension to any landscape. The naturally flat surface provides stability, making it ideal for walkways, garden paths, and elevation transitions. With thicknesses ranging from 5” to 7” and top diameters between 36” and 60”, these irregularly shaped steps offer both rustic and contemporary outdoor design solutions.

Delivery Options:
Palletized via Straight Truck with Moffett or Semi-Truck
