NATURAL STONE SNAPPED STEPS

The Cumberland Mountain Blue 18″ x 36″ Snapped Step features a balanced blend of light to medium gray tones with subtle blue overtones, creating a refined yet natural look. With a textured flat surface and snapped edges on the front, back, and sides, this step retains a rugged aesthetic while ensuring durability. Its natural beds and approximate 5″ - 7″ thickness make it a strong choice for pathways, entry steps, and landscape transitions.
