IRREGULAR STONE STEPS

Add a touch of natural elegance to your landscape with Fond Du Lac Irregular Steps. Crafted from durable dolomitic limestone, these steps feature a soft, neutral color palette with shades of buff, light buff, gray, light gray, and white, making them a versatile choice for any outdoor setting. Each step has a thickness of 5” to 7” and a top diameter ranging from 36” to 60”. The irregular shapes and textured surfaces provide a natural, organic feel, making them perfect for garden pathways, entryways, and elevation changes.
