Weathered Sandstone Creek Rock

SPECIFICATIONS

Item: C-WSS0035
Size Range: 4” – 8”
Color: Brown, Gray, Green, Tan
Material: Sandstone
Coverage: 45 sf/ton

Usages: Dry Creek Beds, Drainage Solutions, Water Features & Ponds, Garden Accents, & Erosion Control & Slope Stabilization

COBBLES & BEACH PEBBLES

Weathered Sandstone Creek Rock features smooth, naturally aged stones in earthy tones of gray, brown, tan, subtle red, and green, often adorned with moss and lichen for a distinctive, aged character. Their natural texture and weathered appearance make them ideal for dry creek beds, water features, erosion control, and natural edging. These durable stones seamlessly blend into rustic and naturalistic landscape designs, providing both visual interest and long-term performance.

Delivery Options:
Palletized via Straight Truck with Moffett or Semi-Truck
