NATURAL STONE LEDGEROCK

Earth-toned sandstone, boasting buff tans and rich black and brown hues, exudes depth and character. Available in sawn heights of 10", depths ranging from 10" to 12", and lengths spanning 36" to 84", this stone presents a versatile range of options for your project. The blocky, linear boulders feature a sawn flat top and bottom, making them ideal for constructing expansive retaining walls with a touch of sophistication.
