NATURAL STONE LEDGEROCK

These boulders are meticulously processed dolomitic limestone boulders with a uniform height of 12". Featuring a smooth and efficient stacking process, these boulders have flat tops and bottoms and come in neutral, earthy colors of brown, buff, and tan faces with tan to gray tops. Created to achieve a "coursed" appearance with very little variation, available in depths ranging from 18" to 24" and lengths from 36" to 84".

Delivery Options:

Palletized via Straight Truck with Moffett or Semi-Truck
