NATURAL STONE SLABS

Designed for versatility, Colfax Mini Slabs offer the same super hard sandstone quality as their larger counterparts but in a more compact size. Featuring earth-toned hues of buff tans, deep blacks, and warm browns, these slabs bring a natural, weathered aesthetic to any landscape. With a consistent 2" to 3" thickness and top diameters ranging from 24" to 42", they are ideal for stepping stones, small landings, garden pathways, and decorative accents.

Delivery Options:

Palletized via Straight Truck with Moffett or Semi-Truck
